AESTHETICS ELEVATED

Dear colleagues,

"Art is a gift of nature, but aging is a work of art." – Stanislaw Jerzy Lec

Following a successful congress debut, we would like to invite you to our second Elevate Congress, taking place on the 15. November 2025 in the beautiful Danube metropolis of Vienna.

This year, we once again aim to offer you a diverse and interdisciplinary advanced training program. For 2025, we present a highly topical congress theme: "Longevity and Regenerative Medicine." The medical and dental professions offer many ways to shape "living works of art"—be it through long-lasting reconstructions, rejuvenating treatments, or reconstructive surgical options. Throughout our congress, numerous aesthetic treatment approaches will be highlighted by various medical and dental specialties. Knowledge will be exchanged, and trends will be discussed.

We look forward to welcoming you in our shared pursuit of excellence.

GET TOGETHER

The congress concludes with an exclusive *After-Congress Get-Together* in one of Vienna's most atmospheric locations – the Do&Co Wintergarten, located directly on the historic Stephansplatz. This elegant venue offers the perfect setting to reflect on the day's insights and experiences in a sophisticated yet relaxed atmosphere.

After a full day of groundbreaking presentations and stimulating conversations in the world of aesthetics, the evening invites all participants to connect and unwind in a unique ambiance. With its stunning view of St. Stephen's Cathedral and the city lights beyond, the Do&Co Wintergarten provides the ideal backdrop for informal networking, meaningful exchanges, and new collaborations.

Guests can enjoy carefully selected cocktails and refined culinary delights, curated by Do&Co's renowned kitchen, while surrounded by the charm of Vienna's city center. Gentle music and warm lighting create a welcoming environment where ideas can continue to flow and new perspectives can be shared.

This Get-Together is more than just a stylish finale to a successful congress—it serves as a social bridge where professional dialogue merges seamlessly into personal interaction. It is a celebration of aesthetics and intellect, set in the heart of one of Europe's most enchanting cities.
